It’s Official!  HBC is now IAA in the UK

HBC has been part of the IAA family since June 2019 – we are delighted to confirm that we are now officially IAA here in the UK. Throughout May and June we’ll be rebranding to IAA and sharing more exciting news.

Last June, HBC became part of IAA, Inc, (iaai.com) an independent NYSE listed company and a leading global salvage provider. IAA operates from more than 200 locations across the United States, Canada and now the UK, selling over 2.5 million vehicles every year.

On June 19th, we are scheduled to launch our new IAA Buyer Portal™ and auction platform. The new site has much to offer including, easier navigation, a buyer dashboard, vastly improved functionality and a fresh new look and feel. See page 2 below for a sneak peek.

The IAA team here in the UK is excited to welcome IAA into the United Kingdom. Regular updates will be available over the coming weeks with more details on the new website and auction platform as well as new ways to search, bid and buy. The IAA team of experts is on hand to answer any questions you might have.

We look forward to you joining us on this new and exciting journey as IAA, and we thank you for your continued support.

Kindest regards

IAA
